

Attachment 4 _ The Entry Requirements for Taiwan

for applicant holding a passport from Mainland China, Hong Kong, or Macau

FOR PASSPORT HOLDERS FROM MAINLAND CHINA, HONG KONG, OR MACAU, PLEASE ADDITIONALLY REVIEW THE ENTRY REQUIREMENTS FOR TAIWAN AND CONSULT WITH YOUR HOST SCHOLAR BEFORE SUBMITTING YOUR APPLICATION.

According to the announcement on 27th September 2023 from the National Immigration Agency's official website, professional exchanges for individuals from Mainland China to Taiwan are not currently open. If your application is approved, the process for coming to Taiwan is as follows,

Phase I:

The host department/unit must submit a formal request to the competent authority (Ministry of Education) with the necessary documentation, including the explanation of the necessity, urgency, and irreplaceability of coming to Taiwan, along with the required documents (roster, itinerary, project plan). Only upon receiving approval from the Ministry of Education can the process for applying for the Taiwan Entry Permit continue (it is recommended to allow 2-4 weeks for the Ministry of Education's response).

Phase II:

After obtaining approval from the Ministry of Education, the host department or unit should attach the approval letter and relevant documents when submitting the application through the National Immigration Agency's online system. It is advisable to allow at least one month for processing. For details on the Taiwan Entry Permit application, we recommend that the hosting department consult its university's designated administrative contact.
